

LUXURY AND COMFORT UP IN THE AIR

The AW169 surpasses all other intermediate two-engine helicopters in capability, performance, travel comfort, and passenger cabin space.

Its powerful engines allow a top speed of 153 kts (176 mph).

With a range of 446 nm, the AW169 can fly significantly farther than other similarly sized rotorcraft. It has the largest passenger cabin in its class to accommodate passengers in a spacious, comfortable, and quiet environment.
